

English Literature

Year 13

Curriculum Overview

Intent: The study of Literature is a study into the human psyche, human experience and social influences over the years. Any text is the product of its time: a study of it will teach a student to read in context and to understand the influences over the author. The ability to read any content with a deeper appreciation and investigation is an essential skill that will only increase in importance as the platform for sharing news and views — that will be published — grows. In addition, a study of The Literary Canon will help a student understand History, identify and understand trends and the key events that have shaped our past and present society.
